Win This! Pedicure Essentials from Kerasal

Spring is SLOWLY arriving here in New York and that means that pedicure season is just around the corner.

While the fun may be in the polish, to get your feet into tip-top sandal condition, you need pro-quality foot care products like **Kerasal**. These reasonably-priced goodies soften even the toughest, driest feet fast and they are super simple to use.

The folks at Kerasal want to get your tootsies into tip-top condition, so they've generously offered up FIVE sets of products to eye4style readers!

Simply enter a comment below, telling me why you want to win, and I'll choose five random winners next Friday at noon.

Good Luck –and stay tuned for more giveaways in the coming weeks. It's my three year blog-aversary, but you're getting all the gifts!
